PETITION UNDER 37 CFR 1.182  
REQUEST FOR CERTIFICATE OF CORRECTION

Sir:

It is noted that an error appears in this patent of a clerical nature, in that the Attorney, Agent or Firm printed on the face of the patent is not correct. The error occurred in good faith and correction does not involve such changes in the patent as would constitute new matter or require re-examination.

A Certificate of Correction has been requested (copy PTO/SB/44 attached) and the fee paid (copy of check attached) for a certificate correcting the applicant's mistake. The request has been refused because the information related to Attorney, Agent or Firm is printed "solely in accordance with" the PTOL-85b submitted at the time of the issue fee is paid. (see attached letter of October 25, 2007). While the letter does not state a basis for refusing Certificate of Correction to correct a mistake in Form PTOL-85b, as suggested in the letter of refusal, the applicants hereby petition under 37 CFR 1.182 for a Certificate of Correction to correct the Attorney, Agent or Firm data related to this patent. The applicants submit that correction would make the information consistent with other records including PAIR. The patentees request issuance of a certificate per the attached Form PTO/SB/44.
